If the balance at the top of the screen is a negative number, that amount can potentially be refunded. If the amount is a positive number, that is the amount due to East Mississippi Community College. Payments can be made on this site by debit/credit card. If you are unable to pay the balance in full, please contact the Business Office to set up a payment plan.

**Room and board charges for resident students may not appear on LEO until the student checks into the dorm and selects a meal plan with the Business Office.*
